### **Editorial Review**

#### **Review**

"One of the few texts to address Islam and international law... To my mind there is no undergraduate textbook on the present market that does as comprehensive and inclusive study of economics in such a confined space from a legal perspective than this undergraduate textbook." Robert Bledsoe, University of Central Florida

"International Law is thorough, challenging, and accessible, all key ingredients for a successful semester... This text prepares students for further studies in international law in a way that other textbooks fail to achieve." Tina Mueller, University of Nebraska

"Slomanson ...meet(s) the demand for more detail and depth." Wesley Millner, University of Evansville
