Healing Words: The Power of Prayer and The Practice of Medicine By Larry DOSSEY

Explores a subject that has for too long been overlooked by much of science and medicine. I recommend it to everyone. Read Healing Words and be open to the excitement of consciousness studies, prayer, and human potential. The answer to a prayer, the most thoughtful, eloquent, and interesting book on prayer, health, and healing that I have ever read. In this age of shifting paradigms and interconnected consciousness, Dr. Dossey points bravely to a future in which science and religion can find a prayer a common ground for dialogue. Larry Dossey is a consummate physician, storyteller, and scholar-perhaps the most seminal thinker of our time.
