## Editorial Review

### Review

"The bible of American cooking by 'the king of gourmets'."? ***Time***

"...his chef d'oeuvre...should take a place on the narrow shelf reserved for major American culinary literature."? ***Washington Post***

"I felt a shiver as I unpacked the new edition of *James Beard's American Cookery*, this big, fat, generous book, so like Jim himself. I just held it for a few minutes, remembering times in his kitchen, his big hand guiding mine in the motion of making mayonnaise with a fork. . . . It strikes me as timely that chefs who know only his image on a medal hung round their neck have this chance to see what James was cooking before they were born." ? **Gael Greene, *Insatiable-critic.com***

"The beauty of this book is that it allows you . . . to experience firsthand what made James Beard special and unique. His voice can be heard through his no-nonsense recipes and the choices he made that celebrated even simple, humble dishes for what they were: good food." ? **Tom Colicchio, 2010 James Beard Foundation Outstanding Chef and head judge on Top Chef, from the Foreword**

"The tome's enduring popularity is due to the fact that it does more than deliver superb recipes, it digs deep into the history of American cuisine."? **Fox News**
