Pioneers of Psychology By Raymond E. Fancher

Modern psychology draws on more than three centuries of research and speculation-invariably original, often daring, at times misguided.

In this Third Edition of *Pioneers of Psychology*, Professor Fancher again traces the evolution of this influential science through the personal triumphs and disappointments of a fascinating gallery of individuals, from Descartes, Gall, and Kant to James, Piaget, and Skinner.

Editorial Review

About the Author

Raymond E. Fancher is a Senior Scholar and Professor Emeritus at York University in Toronto. A founder of York's Ph.D. program in the History and Theory of Psychology, he has served as editor of the Journal of the History of the Behavioral Sciences and held top executive positions with the Society for the History of Psychology (Division 26 of the American Psychological Association) and Cheiron (The International Society for the History of Behavioral and Social Sciences). He is the author of Psychoanalytic Psychology: The Development of Freud's Thought and The Intelligence Men: Makers of the IQ Controversy (both published by Norton) as well as nearly 100 other publications on the history of psychology, and is a recipient of the Lifetime Achievement Award from the Society for the History of Psychology.

Users Review

From reader reviews:

Michael Rodriguez:

What do you about book? It is not important to you? Or just adding material when you really need something to explain what the one you have problem? How about your spare time? Or are you busy man or woman? If you don't have spare time to complete others business, it is give you a sense of feeling bored faster. And you have spare time? What did you do? Every person has many questions above. They must answer that question simply because just their can do that. It said that about book. Book is familiar in each person. Yes, it is right. Because start from on jardín de infancia until university need this kind of Pioneers of Psychology to read.

Robert Hutzler:

This Pioneers of Psychology are generally reliable for you who want to be a successful person, why. The reason of this Pioneers of Psychology can be one of the great books you must have is usually giving you more than just simple reading through food but feed anyone with information that possibly will shock your earlier knowledge. This book is actually handy, you can bring it just about everywhere and whenever your conditions in the e-book and printed people. Beside that this Pioneers of Psychology forcing you to have an enormous of experience such as rich vocabulary, giving you trial of critical thinking that could it useful in your day exercise. So , let's have it and enjoy reading.

Olga Snider:

Reading a book tends to be new life style in this era globalization. With studying you can get a lot of information which will give you benefit in your life. Along with book everyone in this world can easily share their idea. Books can also inspire a lot of people. Many author can inspire their own reader with their story or perhaps their experience. Not only the story that share in the books. But also they write about the data about something that you need example of this. How to get the good score toefl, or how to teach your sons or daughters, there are many kinds of book which exist now. The authors these days always try to improve their expertise in writing, they also doing some research before they write on their book. One of them is this

Pioneers of Psychology.

John Collins:

Are you kind of stressful person, only have 10 or perhaps 15 minute in your morning to upgrading your mind skill or thinking skill also analytical thinking? Then you are receiving problem with the book than can satisfy your short space of time to read it because this all time you only find reserve that need more time to be learn. Pioneers of Psychology can be your answer because it can be read by you who have those short free time problems.
