The Early Modern Subject: Self-Consciousness and Personal Identity from Descartes to Hume By Udo Thiel

The Early Modern Subject explores the understanding of self-consciousness and personal identity--two fundamental features of human subjectivity--as it developed in early modern philosophy. Udo Thiel presents a critical evaluation of these features as they were conceived in the seventeenth and eighteenth centuries. He explains the arguments of thinkers such as Descartes, Locke, Leibniz, Wolff, and Hume, as well as their early critics, followers, and other philosophical contemporaries, and situates them within their historical contexts. Interest in the issues of self-consciousness and personal identity is in many ways characteristic and even central to early modern thought, but Thiel argues here that this is an interest that continues to this day, in a form still strongly influenced by the conceptual frameworks of early modern thought. In this book he attempts to broaden the scope of the treatment of these issues considerably, covering more than a hundred years of philosophical debate in France, Britain, and Germany while remaining attentive to the details of the arguments under scrutiny and discussing alternative interpretations in many cases.

Editorial Review

Review

"an indispensable guide for specialists in early modern philosophy and the history of subjectivity."

--S. Young, CHOICE

"clearly and engagingly written ... there is much to learn from this rich and informative book"

--Marleen Rozemond, Notre Dame Philosophical Reviews

"Essential reading for any scholar interested in self-consciousness and personal identity."

--Angela Coventry, Mind

"The thoroughness of Thiel's scholarship is impressive, to say the least ... an extraordinary scholarly achievement ... set[s] a new standard that will profoundly affect subsequent scholarly attempts to synoptically understand the way in which important theoretical issues in general, and not just the ones he considered, got discussed by theorists during the modern period."

--Raymond Martin, Internationale Zeitschrift für Analytische Philosophie

"Thiel's book is clearly written and accessible to more than just a circle of specialists. Its main virtue is the systematized presentation of an amazing range of authors ... This book is the first pick for everyone who wants to gain insight into the abundance of early modern discussions of these topics."

--Christian Barth, Philosophy in Review

About the Author

Udo Thiel studied Philosophy at the Universities of Marburg, Bonn, and Oxford. He began as a Lecturer in Philosophy at the University of Sydney, later moving to the Australian National University in Canberra where he became a Senior Lecturer and then Associate Professor. In 2009 he moved to Austria where he is now Professor of the History of Philosophy in the Department of Philosophy at the University of Graz. His research focuses on early modern epistemology, metaphysics, and philosophy of mind.

Users Review

From reader reviews:

Noah Cale:

As people who live in often the modest era should be up-date about what going on or info even knowledge to make these people keep up with the era that is certainly always change and move ahead. Some of you maybe will probably update themselves by reading books. It is a good choice for you but the problems coming to

you actually is you don't know what type you should start with. This *The Early Modern Subject: Self-Consciousness and Personal Identity from Descartes to Hume* is our recommendation to make you keep up with the world. Why, because this book serves what you want and wish in this era.

Bernard Woodley:

This *The Early Modern Subject: Self-Consciousness and Personal Identity from Descartes to Hume* are usually reliable for you who want to be considered a successful person, why. The explanation of this *The Early Modern Subject: Self-Consciousness and Personal Identity from Descartes to Hume* can be on the list of great books you must have is giving you more than just simple examining food but feed anyone with information that might be will shock your before knowledge. This book will be handy, you can bring it everywhere and whenever your conditions in the e-book and printed versions. Beside that this *The Early Modern Subject: Self-Consciousness and Personal Identity from Descartes to Hume* giving you an enormous of experience such as rich vocabulary, giving you trial run of critical thinking that we realize it useful in your day task. So , let's have it and revel in reading.

Lawrence Woods:

This *The Early Modern Subject: Self-Consciousness and Personal Identity from Descartes to Hume* is great e-book for you because the content which is full of information for you who all always deal with world and get to make decision every minute. This specific book reveal it info accurately using great arrange word or we can say no rambling sentences included. So if you are read the idea hurriedly you can have whole information in it. Doesn't mean it only gives you straight forward sentences but difficult core information with beautiful delivering sentences. Having *The Early Modern Subject: Self-Consciousness and Personal Identity from Descartes to Hume* in your hand like obtaining the world in your arm, data in it is not ridiculous 1. We can say that no book that offer you world in ten or fifteen moment right but this guide already do that. So , this is certainly good reading book. Hey there Mr. and Mrs. stressful do you still doubt that will?

Barbara McGowan:

That book can make you to feel relax. That book *The Early Modern Subject: Self-Consciousness and Personal Identity from Descartes to Hume* was vibrant and of course has pictures on there. As we know that book *The Early Modern Subject: Self-Consciousness and Personal Identity from Descartes to Hume* has many kinds or variety. Start from kids until teens. For example *Naruto* or *Detective Conan* you can read and believe you are the character on there. Therefore , not at all of book are usually make you bored, any it offers up you feel happy, fun and unwind. Try to choose the best book for yourself and try to like reading that will.
