The Russian Revolution By Sheila Fitzpatrick

The Russian Revolution had a decisive impact on the history of the twentieth century. Now, following the collapse of the Soviet regime and the opening of its archives, it is possible to step back and see the full picture of this event for the first time.

Impeccable in its scholarship and objectivity, this superb volume tells the gripping story of a Marxist revolution that was intended to transform the world, but instead visited enormous suffering on the Russian people, and, like the French Revolution before it, ended up devouring its own children. The author offers insightful descriptions of the February and October Revolutions of 1917, the Civil War, the interlude of NEP, Stalin's "revolution from above," the various Five-Year Plans, and the Great Purges--all treated as discrete episodes in a twenty-year process of revolution. The book incorporates data from archives that were previously inaccessible not only to Western but also to Soviet historians, as well as drawing on important recent Russian publications such as the memoirs of one of the great survivors of Soviet politics, Vyacheslav Molotov. In the Select Bibliography, the author highlights the most important of the recent scholarly works, directing readers to the burgeoning Western scholarship on the Russian Revolution in the last ten to fifteen years.

Sheila Fitzpatrick is an internationally known expert on Soviet history. This lively and readable *Third Edition* uses newly available Soviet archival material and the latest Russian and Western research to provide an authoritative, compact account of one of the key events of modern history.

Editorial Review

Review

Review from previous edition "A lucid and indeed instantly classic explanation of the revolutionary spirit in its pre-1917 and Lenin-then-Stalin dominated stages."--*Tribune*

"A succinct, insightful, and highly original interpretation of the Russian Revolution as a process of social transformation lasting from 1917 to 1937... Fitzpatrick gives us a challenging rethinking that will shape our discussions for years to come."--*Ronald Suny, University of Michigan*

"A beautiful little introduction to the topicEL This is a fine work for introductory students, as well as for general readers looking for a window into the Russian enigma"--*Robert V. Daniels, University of Vermont*

About the Author

Sheila Fitzpatrick is Bernadotte E. Schmitt Professor of Modern Russian History at the University of Chicago. A past president of the American Association for the Advancement of Slavic Studies and a co-editor of *The Journal of Modern History*, she is the author of many other books and articles about Russia. She lives in Chicago and Washington, DC.

Users Review

From reader reviews:

Roxanne Harrelson:

The event that you get from The Russian Revolution may be the more deep you digging the information that hide into the words the more you get interested in reading it. If you want to buy the e-book, you can start their official web-site and also order it. Have a nice read.

Kevin Dobson:

As a university student exactly feel bored to reading. If their teacher asked them to go to the library or make summary for some reserve, they are complained. Just little students that has reading's heart or real their leisure activity. They just do what the instructor want, like asked to the library. They go to there but nothing reading really. Any students feel that studying is not important, boring in addition to can't see colorful images on there. Yeah, it is being complicated. Book is very important for yourself. As we know that on this time, many ways to get whatever we want. Likewise word says, ways to reach Chinese's country. Therefore this The Russian Revolution can make you experience more interested to read.
