## **Editorial Review**

### **About the Author**

Ray Foulk, now based in Oxford, has fostered many passions since his early days as a promoter. After the Isle of Wight Festivals and stadium events in London, he and his brothers were head-hunted by the Milton Keynes Development Corporation to help plan the leisure content of their new city. Through this, Ray brought the scientist and designer Buckminster Fuller to the project, embraced his environmentalism, and eventually trained as an architect himself at the University of Cambridge.

Caroline Foulk has worked with her father, Ray, for many years, researching, writing, and co-promoting the schools environmental project, Blue Planet Day. Caroline trained and worked as a teacher and lives in Oxford.
