The Black Book of Clinical Examination By Dr Tey Hong Liang, Dr Erle Lim

OVERVIEW

This book takes the medical student through the steps of a basic clinical examination. The authors, who have many years of experience coaching candidates for undergraduate and postgraduate examinations, stress the significance of important steps and relevant signs, highlight common errors, and provide useful advice to guide the student through the morass of information that is apt to trap the unguided. The book also takes the student through typical exam cases, providing answers to 'favourite examiners' questions' and insights into the examiners' perspective.

FEATURES

-- Full-colour illustrations -- Mnemonic aids scattered throughout the book

Editorial Review

About the Author

Dr Tey Hong Liang passed the examinations for the membership of the Royal College of Physicians (UK), Graduate Diploma in Geriatric Medicine (Singapore), and the United States Medical Licensing Examinations in 2006, and completed his Advanced Specialist Training in Dermatology at the National Skin Centre (Singapore) in 2009.

Dr Erle Lim obtained his Master's degree in Medicine (Internal Medicine) in 1997 and has been mentoring candidates through the MRCP, M Med (Int Med) and MBBS, ever since. He was accredited in neurology in 2000 and now sits on the specialist training committee for neurology in Singapore. He completed his fellowship in movement disorders at the Mount Sinai School of Medicine in New York, and is now a tenured associate professor of medicine at the National University of Singapore, where he also serves as an assistant dean of education (clinical, admissions and student affairs). He was awarded the faculty Teaching Excellence Award in 2005/6 and 2006/7, the university's annual Teaching Excellence Award in 2006/7 and the Outstanding Educator Award in 2008. He is also currently a fellow of the Royal College of Physicians (UK).

Users Review

From reader reviews:

Joan Stauffer:

What do you think about book? It is just for students because they are still students or the item for all people in the world, what the best subject for that? Simply you can be answered for that question above. Every person has diverse personality and hobby for each and every other. Don't to be forced someone or something that they don't desire do that. You must know how great and important the book The Black Book of Clinical Examination. All type of book would you see on many methods. You can look for the internet sources or other social media.

Edith Stewart:
