The Long Case OSCE: The Ultimate Guide for Medical Students (MasterPass Series) By Beth C. Walker, Marsha Y. Morgan

A solid knowledge base and good clinical skills don't necessarily guarantee examination success in the long case OSCE. This book is the ultimate guide for medical students needing to combine their knowledge and skills with an ability to interpret the clinical findings, the proficiency to present them clearly and the confidence to deal with the examiners questions.

Adopting a proven, highly effective approach, this revision aid uses role play with simulated patients to hone clinical examination and presentation skills. The fifty cases are divided into six areas: cardiology, respiratory, abdomen, neurology, musculoskeletal and surgery.

Written by successful candidates and examiners, the guide poses a number of important and commonly asked examination questions for each case to assist in preparation and confidence, and model answers are provided to ensure an understanding of exactly what is required.

Working in groups or independently, students will welcome the large, colourful format, the breakdown of marking schemes, an overview of examiners expectations, a guide to presenting clinical findings and innumerable 'insider' tips throughout.

Users Review

From reader reviews:

Peter Hudson:

The book The Long Case OSCE: The Ultimate Guide for Medical Students (MasterPass Series) can give more knowledge and also the precise product information about everything you want. So just why must we leave the great thing like a book The Long Case OSCE: The Ultimate Guide for Medical Students (MasterPass Series)? Some of you have a different opinion about book. But one aim that book can give many information for us. It is absolutely right. Right now, try to closer using your book. Knowledge or data that you take for that, you may give for each other; you can share all of these. Book The Long Case OSCE: The Ultimate Guide for Medical Students (MasterPass Series) has simple shape but you know: it has great and big function for you. You can appearance the enormous world by wide open and read a e-book. So it is very wonderful.

Tamika Sheppard:

In this 21st centuries, people become competitive in each and every way. By being competitive at this point, people have do something to make them survives, being in the middle of the crowded place and notice through surrounding. One thing that occasionally many people have underestimated this for a while is reading. Yes, by reading a reserve your ability to survive enhance then having chance to stand up than other is high. For yourself who want to start reading the book, we give you this specific The Long Case OSCE: The Ultimate Guide for Medical Students (MasterPass Series) book as starter and daily reading publication. Why, because this book is more than just a book.

Lou Marshall:

Reading a reserve tends to be new life style in this era globalization. With examining you can get a lot of information that will give you benefit in your life. Together with book everyone in this world can certainly share their idea. Ebooks can also inspire a lot of people. A great deal of author can inspire their reader with their story or perhaps their experience. Not only situation that share in the textbooks. But also they write about advantage about something that you need example. How to get the good score toefl, or how to teach your kids, there are many kinds of book that exist now. The authors these days always try to improve their

skill in writing, they also doing some study before they write for their book. One of them is this The Long Case OSCE: The Ultimate Guide for Medical Students (MasterPass Series).

William Rice:

As a student exactly feel bored to reading. If their teacher requested them to go to the library or make summary for some book, they are complained. Just little students that has reading's soul or real their interest. They just do what the instructor want, like asked to go to the library. They go to there but nothing reading seriously. Any students feel that reading through is not important, boring along with can't see colorful photographs on there. Yeah, it is to become complicated. Book is very important to suit your needs. As we know that on this era, many ways to get whatever we really wish for. Likewise word says, many ways to reach Chinese's country. So , this The Long Case OSCE: The Ultimate Guide for Medical Students (MasterPass Series) can make you experience more interested to read.
