Java Servlet & JSP Cookbook By Bruce W. Perry

With literally hundreds of examples and thousands of lines of code, the *Java Servlet and JSP Cookbook* yields tips and techniques that any Java web developer who uses JavaServer Pages or servlets will use every day, along with full-fledged solutions to significant web application development problems that developers can insert directly into their own applications.*Java Servlet and JSP Cookbook* presents real-world problems, and provides concise, practical solutions to each. Finding even one tested code "recipe" that solves a gnarly problem in this comprehensive collection of solutions and best practices will save hours of frustration--easily justifying the cost of this invaluable book.But "Java Servlet and JSP Cookbook" is more than just a wealth of cut-and-paste code. It also offers clear explanations of how and why the code works, warns of potential pitfalls, and directs you to sources of additional information, so you can learn to adapt the problem-solving techniques to similar situations.These recipes include vital topics like the use of Ant to setup a build environment, extensive coverage of the WAR file format and web.xml deployment descriptor, file-uploading, error-handling, cookies, logging, dealing with non-HTML content, multimedia, request filtering, web services, I18N, web services, and a host of other topics that frustrate even the most seasoned developers.For Java web developers of all levels who are eager to put into practice the theory presented in other API-focused books, the solutions presented in this practical book will prove invaluable over and over again. This is painless way for less experienced developers who prefer to learn by doing to expand their skills and productivity, while accomplishing practical solutions to the pressing problems they face every day. More experienced developers can use these recipes to solve time-consuming problems quickly, freeing up their time for the more creative aspects of their work.

Editorial Review

About the Author

Bruce W. Perry played college soccer in New York, then amidst a varied career in journalism and software engineering finished literally (ask his knees!) hundreds of road races and multisport events. He's since moved on to family life and recreational alpine hiking, skiing, and resistance training. He has also written two recent software books for O'Reilly Media. After an unguided youth, he now hangs out weightlifting in gyms again, and climbs with guides now, recently Piz Palu in the Swiss Alps, Mt. Whitney's Mountaineer's Route, and Mt. Rainier.

Users Review

From reader reviews:

Tyrell Gutierrez:

Book is to be different for every single grade. Book for children until finally adult are different content. As we know that book is very important for all of us. The book Java Servlet & JSP Cookbook seemed to be making you to know about other knowledge and of course you can take more information. It is very advantages for you. The book Java Servlet & JSP Cookbook is not only giving you considerably more new information but also to become your friend when you really feel bored. You can spend your current spend time to read your reserve. Try to make relationship with the book Java Servlet & JSP Cookbook. You never feel lose out for everything if you read some books.

Michael Bennett:

Hey guys, do you wishes to finds a new book to read? May be the book with the subject Java Servlet & JSP Cookbook suitable to you? Often the book was written by renowned writer in this era. Often the book untitled Java Servlet & JSP Cookbookis the one of several books which everyone read now. This book was inspired many people in the world. When you read this reserve you will enter the new dimension that you ever know before. The author explained their concept in the simple way, consequently all of people can easily to understand the core of this book. This book will give you a lot of information about this world now. In order to see the represented of the world in this particular book.

Linda King:

Precisely why? Because this Java Servlet & JSP Cookbook is an unordinary book that the inside of the reserve waiting for you to snap this but latter it will zap you with the secret that inside. Reading this book alongside it was fantastic author who all write the book in such incredible way makes the content on the inside easier to understand, entertaining way but still convey the meaning thoroughly. So , it is good for you because of not hesitating having this any more or you going to regret it. This unique book will give you a lot of positive aspects than the other book have such as help improving your expertise and your critical thinking

method. So , still want to hold off having that book? If I were you I will go to the reserve store hurriedly.

Edgar Foley:

That guide can make you to feel relax. This particular book Java Servlet & JSP Cookbook was vibrant and of course has pictures around. As we know that book Java Servlet & JSP Cookbook has many kinds or style. Start from kids until teenagers. For example Naruto or Investigation company Conan you can read and think you are the character on there. Therefore , not at all of book tend to be make you bored, any it can make you feel happy, fun and relax. Try to choose the best book for you and try to like reading which.
