Law & Ethics for Health Professions (P.S. Health Occupations) By Karen Judson, Carlene Harrison

Law and Ethics for Health Professions explains how to navigate the numerous legal and ethical issues that health care professionals face every day. Topics are based upon real-world scenarios and dilemmas from a variety of health care practitioners. Through the presentation of Learning Outcomes, Key Terms, From the Perspective of, Ethics Issues, Chapter Reviews, Case Studies, Internet Activities, Court Cases, and Video Vignettes, students learn about legal and ethical problems and situations that health care professions currently face. In the seventh edition, chapters 3 and 8 have been substantially revised to reflect changes in today's health care world. Students also use critical thinking skills to learn how to resolve real-life situations and theoretical scenarios and to decide how legal and ethical issues are relevant to the health care profession in which they will practice.

Editorial Review

About the Author

Carlene Harrison, EdD, CMA (AAMA)

Carlene Harrison is Dean of the School of Allied Health at Hodges University and is also Program Director for the Master of Health Services Administration and Graduate Certificate in Health Informatics. She has been a member of the faculty at Hodges University since 1992, but came on board full time in 2000, serving first as Chair of the Medical Assisting Program. As Dean of the School of Allied Health, she has overall responsibility for the following degree programs: Health Services Administration, Biomedical Sciences, Medical Assisting, Health Information Management, and Physical Therapist Assistant. Her doctorate is from Argosy University. Her dissertation research looked at improvement in critical thinking in adult learners.

Before becoming a full-time educator, Dr. Harrison worked for over 20 years in the health care field as an administrator. Employed mostly in the outpatient setting, she has worked in the for-profit, not-for-profit, and public health sectors.

Karen Judson, BS

Karen Judson taught biology laboratories at Black Hills University in Spearfish, South Dakota; high school sciences in Idaho; and grades one and three in Washington state. She is also a former laboratory and X-ray technician and completed two years of nurse's training while completing a degree in biology.

Judson has worked as a science writer since 1983. She has written relationship, family, and psychology articles for a variety of magazines, including a series of high school classroom magazines, making a total of 500 articles published. Judson writes science and relationship books for teenagers (Enslow and Marshall Cavendish publishers). Her book for teens, Sports & Money: It's a Sell Out, made the New York City Public Library's list of best books for teens in 1995. Her book for teens, Genetic Engineering, was chosen by the National Science Teachers' Association as one of the best science books for children in 2001 and was featured on the NSTA Web site.

Users Review

From reader reviews:
