Editorial Review

From School Library Journal

Grade 3-6 --A quick overview of the life and times of the samurai that brings together much information in one easily accessible volume. Each of the 13 sections is given a 2-page spread that includes several paragraphs of explanatory text, a captioned insert, and a note in boldface regarding the colorful, informative illustrations. There are two date charts: one of significant dates in Japanese history and one of parallel events in Africa, Asia, America, and Europe. The style is journalistic, but in simplifying the information, some inaccuracies occur through omission. There are also errors. The book states that "Beneath the samurai were the farmers, then the craftsmen. Merchants and peasants were at the bottom." Peasants are farmers, as informed readers will know. Also, the emperor's court did not leave the environs of Kyoto during the long period of the shoguns . The first shogun did establish his seat of power in Kamakura, but the emperor remained in Kyoto. It is unfortunate that an otherwise good introduction to the subject is tarnished by misinformation. --Susan Middleton, LaJolla Country Day School, CA

From reader reviews:

Archie Moriarty:

Nowadays reading books become more than want or need but also become a life style. This reading practice give you lot of advantages. Advantages you got of course the knowledge even the information inside the book which improve your knowledge and information. The details you get based on what kind of book you read, if you want attract knowledge just go with schooling books but if you want really feel happy read one with theme for entertaining such as comic or novel. The particular Samurai Warriors is kind of guide which is giving the reader capricious experience.

Jeffery Whitley:

On this era which is the greater individual or who has ability to do something more are more important than other. Do you want to become one of it? It is just simple solution to have that. What you should do is just spending your time not much but quite enough to have a look at some books. One of many books in the top list in your reading list will be Samurai Warriors. This book which can be qualified as The Hungry Inclines can get you closer in becoming precious person. By looking way up and review this book you can get many advantages.

Ann Yoho:

As a university student exactly feel bored in order to reading. If their teacher questioned them to go to the library as well as to make summary for some book, they are complained. Just tiny students that has reading's internal or real their pastime. They just do what the instructor want, like asked to go to the library. They go to presently there but nothing reading significantly. Any students feel that studying is not important, boring

in addition to can't see colorful pictures on there. Yeah, it is to become complicated. Book is very important for yourself. As we know that on this era, many ways to get whatever you want. Likewise word says, ways to reach Chinese's country. So , this Samurai Warriors can make you feel more interested to read.

Hoa Gilkey:

Reading a guide make you to get more knowledge from this. You can take knowledge and information originating from a book. Book is prepared or printed or illustrated from each source in which filled update of news. Within this modern era like currently, many ways to get information are available for you. From media social similar to newspaper, magazines, science e-book, encyclopedia, reference book, fresh and comic. You can add your understanding by that book.
