Larry Fink on Composition and Improvisation: The Photography Workshop Series By Larry Fink

In this series, Aperture Foundation works with the world's top photographers to distill their creative approaches, teachings, and insights on photography—offering the workshop experience in a book. Its goal is to inspire photographers of all levels who wish to improve their work, as well as readers interested in deepening their understanding of the art of photography. Each volume is introduced by a well-known student of the featured photographer. In this book, Larry Fink—well-known for his layered pictures in social settings—explores composing photographs and improvising within a scene to create images with both feeling and meaning. Through words and photographs, he reveals insight into his own practice and discusses a wide range of creative issues, from connecting with the subject in front of the lens to shaping a vision that is authentic. Photographer Lisa Kereszi, a student of Larry Fink, provides the introduction.
