**Sketching from the Imagination: Sci-fi** From imusti

The humble sketch is the foundation of great art, where thoughts and concepts first come to life as an image—but rarely are sketches celebrated like they deserve to be for their power to explore, inspire, and entertain. In *Sketching from the Imagination: Sci-fi*, a selection of fifty talented traditional and digital artists, ranging from industry legends to talented up-and-comers, have been chosen to share their sketches and reveal the ideas, inspirations, and techniques behind their creative processes.

Continuing the high-quality format of 3dtotal Publishing's previous successes, *Sketching from the Imagination: An Insight into Creative Drawing* and *Sketching from the Imagination: Fantasy*, this new title is dedicated to fantasy's sibling genre, sci-fi, in all its forms. From doodles of robots and aliens to concept designs for spaceships and speculative life-forms, including rendered drawings of invented worlds, *Sketching from the Imagination: Sci-fi* presents a handpicked collection of the best sketches and drawings by sci-fi artists from across the globe—each with their own unique style and approach to the genre.

Each artist presents an impressive showcase of images from their sketchbooks, accompanied by their own enlightening commentary, and page upon page of useful tips, techniques, creative insights, and invaluable advice for getting your ideas out of your brain and onto the page. *Sketching from the Imagination: Sci-fi* is not only a must-have resource for any concept designer's shelf, but a stunning compilation of drawings that will delight sci-fi fans and any admirer of beautiful artwork.

## **Editorial Review**

### **About the Author**

#### **3dtotal Publishing**

3dtotal was founded in 1999 as a simple 3D resource website. Over the last decade the site has evolved into one of the premier CG art websites in the world, offering a variety of training products, an inspirational gallery, a free texture library and hundreds of free tutorials on a variety of subjects.

In 2006, 3dtotal entered into partnership with Focal Press and launched the popular book series *Digital Art Masters* and *Digital Painting Techniques*. The premise for these books was to provide high-quality content that would inspire and educate the next generation of digital artists. Featuring the work of top industry professionals, detailed tutorials and image breakdowns, these series have become firmly established as indispensable resources for every digital artist.

After five successful years working with Focal Press, 3dtotal Publishing was launched in early 2010. As well as self-publishing the next volumes in the pre-existing *Digital Art Masters* and *Digital Painting Techniques* series, 3dtotal Publishing has launched a number of new titles including: *Sketching from the Imagination: Fantasy*, the *Beginner's Guide to Digital Painting in Photoshop Elements* and the successful Kickstarter campaign, *Sketch Workshop*.

## **Users Review**

### **From reader reviews:**

#### **Richard McCain:**

What do you in relation to book? It is not important together with you? Or just adding material when you need something to explain what your own problem? How about your time? Or are you busy man or woman? If you don't have spare time to perform others business, it is gives you the sense of being bored faster. And you have time? What did you do? Everybody has many questions above. They have to answer that question mainly because just their can do that. It said that about guide. Book is familiar in each person. Yes, it is suitable. Because start from on kindergarten until university need this particular Sketching from the Imagination: Sci-fi to read.

#### **Leo Osborne:**

People live in this new moment of lifestyle always make an effort to and must have the time or they will get great deal of stress from both lifestyle and work. So , when we ask do people have extra time, we will say absolutely of course. People is human not just a robot.
