### Snow Treasure By Marie McSwigan

In the bleak winter of 1940, Nazi troops parachuted into Peter Lindstrom's tiny Norwegian village and held it captive. Nobody thought the Nazis could be defeated—until Uncle Victor told Peter how the children could fool the enemy. It was a dangerous plan. They had to slip past Nazi guards with nine million dollars in gold hidden on their sleds. It meant risking their country's treasure—and their lives. This classic story of how a group of children outwitted the Nazis and sent the treasure to America has captivated generations of readers.

From Library Journal

Grade 3-6-Snow Treasure by Marie McSwigan (Scholastic, pap. 1986) is an exciting, suspenseful tale of Norwegian children and their contributions to protecting their town's gold during the German occupation in 1940. Convinced that the Germans will try to steal their town's considerable wealth of gold bouillon from the banks, the townsmen decide that it must be removed. Since a group of adults can't remove the gold without the Germans finding out, the townsmen develop a daring plan involving the children. In teams, the children will carry the bouillon on their sleds down to the river where one of the townsmen will load them onto his ship to take to the United States. Various problems arise as the children begin to carry out this plan, but they are resolved. Narrator John McDonough's use of drama and suspense keeps the story moving along. This audiobook would be an excellent supplement to history lessons on World War II. It lends itself well to group or individual listening. Teacher guidance would be helpful in supplying background history.
