Editorial Review

From the Back Cover

The Primacy of Caring is unique and remarkable, not only because it eludes classification within the curricular and practice arenas of professional nursing, but also because it offers a totally new view of stress, coping, and caring. The authors define and describe the essence of nursing practice, and make visible and powerful the hidden expertise of that practice.

Users Review

From reader reviews:

Steven Maravilla:

Now a day people that Living in the era just where everything reachable by interact with the internet and the resources in it can be true or not require people to be aware of each information they get. How individuals to be smart in getting any information nowadays? Of course the answer is reading a book.
