Editorial Review

Review

If, as a profession, we are going to ensure that the arrival of NICE and IAPT do not herald 'the end of the world as we know it' (Nel, Clinical Psychology Forum, 194) we need to be able to argue robustly for a plurality of therapies, and be clear to our commissioners about why CBT is not simply the best thing since sliced bread. This book can help. Jenny Doe, Clinical Psychology Forum, January 2010
