#### Review

"This is nothing short of the Browncoat Bible...if you're a fan of Firefly, you will treasure this visually stunning and lovingly produced book." – **Barnes and Noble**

"*Firefly: A Celebration* is a 550-page book dedicated to one of the best sci-fi shows ever developed. It'll make you smile... and it may make you cry. It will definitely make you wonder what could have been with a second season... or maybe even a third or beyond. Given the show only had 14 episodes, it's amazing just how much information Titan has pulled together here. While some of the stories are familiar to fans, there's plenty here that you probably do not know." – **Wired**

"a sumptuous read" – **The Hollywood News**

"Whether you've been with Firefly from the start or are just seeing it for the first time, this book is the perfect companion." – **WhatCulture**
