Health, Healing, and Religion: A Cross-Cultural Perspective By David R. Kinsley

Explicitly dealing with the religious aspects of healing and healers, this unique and intriguing book examines illness, healing, and religion in cross-cultural perspective by looking at how sickness is understood and treated in a wide variety of cultures. Centered around three principle themes, the text: A) illustrates how crucial it is to frame illness in a meaningful context in every culture and how this process is almost always bound up with religious, spiritual, and moral concerns; B) shows how many beliefs, strategies, and practices that characterize traditional cultures also appear in Christianity, putting healing in the Christian tradition in a broad, rational context, and; C) discusses the continuities between traditional, explicitly religious, and modern medical cultures — demonstrating that many features of modern scientific medicine are symbolic and ritualistic, and that many aspects and practices of modern medicine are similar to healing as seen in traditional, pre-scientific medical cultures. For those in the religious, anthropological and medical professions.

Users Review

From reader reviews:

Steven Tran:

Reading a publication can be one of a lot of action that everyone in the world likes. Do you like reading book and so. There are a lot of reasons why people enjoyed. First reading a book will give you a lot of new data. When you read a reserve you will get new information mainly because book is one of several ways to share the information or their idea. Second, looking at a book will make you actually more imaginative. When you reading a book especially fiction book the author will bring that you imagine the story how the character types do it anything. Third, you could share your knowledge to others. When you read this Health, Healing, and Religion: A Cross-Cultural Perspective, you may tells your family, friends along with soon about yours reserve. Your knowledge can inspire others, make them reading a publication.

Richard Twombly:

Playing with family in a park, coming to see the marine world or hanging out with buddies is thing that usually you might have done when you have spare time, and then why you don't try factor that really opposite from that. One particular activity that make you not sensation tired but still relaxing, trilling like on roller coaster you have been ride on and with addition of knowledge. Even you love Health, Healing, and Religion: A Cross-Cultural Perspective, you may enjoy both. It is excellent combination right, you still want to miss it? What kind of hangout type is it? Oh come on its mind hangout fellas. What? Still don't get it, oh come on its identified as reading friends.

Joseph Thomas:

Is it you actually who having spare time and then spend it whole day by means of watching television programs or just resting on the bed? Do you need something new? This Health, Healing, and Religion: A Cross-Cultural Perspective can be the answer, oh how comes? A fresh book you know. You are consequently out of date, spending your spare time by reading in this completely new era is common not a geek activity. So what these guides have than the others?

Paul Lopez:

Reading a guide make you to get more knowledge as a result. You can take knowledge and information from the book. Book is created or printed or descriptive from each source that will filled update of news. Within this modern era like at this point, many ways to get information are available for you actually. From media social like newspaper, magazines, science book, encyclopedia, reference book, new and comic. You can add your understanding by that book. Do you want to spend your spare time to open your book? Or just seeking the Health, Healing, and Religion: A Cross-Cultural Perspective when you needed it?
