International Relations: A Very Short Introduction By Paul Wilkinson

Covering topics such as foreign policy, the world economy, and globalization, this Very Short Introduction exemplifies the many disciplines that come together in the study of international events. Discussing not only the main academic theories, but also the practical problems and issues, Wilkinson considers key normative questions, such as how the international state system might be reformed so that international relations are improved.

Editorial Review

Review

So has Browning succeeded in conveying to both academic and general readers some of the core issues and themes surrounding the term, international security? For me, I would say yes. Klaus Dodds, e-international relations

About the Author

Paul Wilkinson is Professor of International Relations at the University of St. Andrews

Users Review

From reader reviews:

Ida Hamilton:
