About the Author

**Rick Leinecker** has held a number of prestigious positions in companies such as IntraCorp, MCI, and Landmark Communications. He has written more than 20 books on technical subjects such as C++, C#, ASP.NET, and computer security. He has a thriving consulting practice in North Carolina's Triad area and innovates in fields such as imaging, podcasting, and artificial intelligence.

**Vanessa L. Williams** is a consultant and author specializing in Microsoft's Share Point and .NET technologies. Through her Midwest consulting business, Vanessa Williams Business Solutions, she provides custom development, systems implementation, hosting, and training services for SharePoint, .NET, and Visual Studio Team System. She has ten years of business information systems experience spanning several industries including transportation, petroleum marketing, manufacturing, retail, and motor-sports entertainment. Her nontechnical experience — including jobs as a shipping clerk, accounting clerk, and forklift driver — gives her the unique ability to view systems implementations from an end-user's perspective.

### Users Review

**From reader reviews:**

**Cornelius Callaghan:**
