From the Back Cover
The atlas that helps you differentiate visually similar diseases

Written from a trainee's perspective, the second edition of *Dermatopathology: Diagnosis by First Impression* uses more than 800 high resolution color images to introduce a simple and effective way to defuse the confusion caused by dermatopathology slides. Focused on commonly tested entities, and using low- to high-power views, this atlas emphasizes the key differences between visually similar diseases by using appearance as the starting point for diagnosis.

The Second Edition provides:

- 800 high resolution photographs
- 'Key Differences' to train the eye on distinctive diagnostic features
- Disease-based as well as alphabetical indexes
- 30 new disease entities

Dermatopathology: Diagnosis by First Impression, Second Edition, introduces a simple and effective way for you to approach dermatopathology.
