## **Masters of the Air: America's Bomber Boys Who Fought the Air War Against Nazi Germany** By Donald L. Miller

The riveting history of the American Eighth Air Force in World War Two, the story of the young men who flew the bombers that helped bring Nazi Germany to its knees, brilliantly told by historian Donald Miller and soon to be a major HBO series.

*Masters of the Air* is the deeply personal story of the American bomber boys in World War II who brought the war to Hitler's doorstep. With the narrative power of fiction, Donald Miller takes you on a harrowing ride through the fire-filled skies over Berlin, Hanover, and Dresden and describes the terrible cost of bombing for the German people.

Fighting at 25,000 feet in thin, freezing air that no warriors had ever encountered before, bomber crews battled new kinds of assaults on body and mind. Air combat was deadly but intermittent: periods of inactivity and anxiety were followed by short bursts of fire and fear. Unlike infantrymen, bomber boys slept on clean sheets, drank beer in local pubs, and danced to the swing music of Glenn Miller's Air Force band, which toured US air bases in England. But they had a much greater chance of dying than ground soldiers.

The bomber crews were an elite group of warriors who were a microcosm of America—white America, anyway. The actor Jimmy Stewart was a bomber boy, and so was the “King of Hollywood,” Clark Gable. And the air war was filmed by Oscar-winning director William Wyler and covered by reporters like Andy Rooney and Walter Cronkite, all of whom flew combat missions with the men. The Anglo-American bombing campaign against Nazi Germany was the longest military campaign of World War II, a war within a war. Until Allied soldiers crossed into Germany in the final months of the war, it was the only battle fought inside the German homeland.

*Masters of the Air* is a story of life in wartime England and in the German prison camps, where tens of thousands of airmen spent part of the war. It ends with a vivid description of the grisly hunger marches captured airmen were forced to

make near the end of the war through the country their bombs destroyed.

Drawn from recent interviews, oral histories, and American, British, German, and other archives, Masters of the Air is an authoritative, deeply moving account of the world's first and only bomber war.

##### **Joan Hanson:**

As a student exactly feel bored to reading. If their teacher questioned them to go to the library in order to

make summary for some book, they are complained. Just small students that has reading's spirit or real their hobby. They just do what the educator want, like asked to the library. They go to right now there but nothing reading significantly. Any students feel that looking at is not important, boring and also can't see colorful images on there. Yeah, it is for being complicated. Book is very important for you personally. As we know that on this period, many ways to get whatever you want. Likewise word says, many ways to reach Chinese's country. So , this Masters of the Air: America's Bomber Boys Who Fought the Air War Against Nazi Germany can make you really feel more interested to read.
