## Antennas And Wave Propagation (Sie) 4E By John Kraus

The hallmark text, often referred as "antenna bible", in its fourth edition now also covers the fundamentals of wave propagation. Numerous solved examples and practice questions are given in the text for easy understanding of the subject. Over 1200 illustrations and photographs of various antennas helps in clear understanding of the concepts. With this new content, the book has taken an entirely new shape and promises to be one stop solution on the subject for the user.
