Beyond Religious Freedom: The New Global Politics of Religion By Elizabeth Shakman Hurd

In recent years, North American and European nations have sought to legally remake religion in other countries through an unprecedented array of international initiatives. Policymakers have rallied around the notion that the fostering of religious freedom, interfaith dialogue, religious tolerance, and protections for religious minorities are the keys to combating persecution and discrimination. *Beyond Religious Freedom* persuasively argues that these initiatives create the very social tensions and divisions they are meant to overcome.

Elizabeth Shakman Hurd looks at three critical channels of state-sponsored intervention: international religious freedom advocacy, development assistance and nation building, and international law. She shows how these initiatives make religious difference a matter of law, resulting in a divide that favors forms of religion authorized by those in power and excludes other ways of being and belonging. In exploring the dizzying power dynamics and blurred boundaries that characterize relations between "expert religion," "governed religion," and "lived religion," Hurd charts new territory in the study of religion in global politics.

A forceful and timely critique of the politics of promoting religious freedom, *Beyond Religious Freedom* provides new insights into today's most pressing dilemmas of power, difference, and governance.

Editorial Review

Review

"[This] book deserves a wide readership. . . . Hurd brings a theoretically sophisticated understanding of 'religion' to an area of study traditionally conducted by those in political science or international affairs. . . . Ideal for use in the classroom."--**Michael Graziano, Religion in American History blog**

"Maybe Hurd is amongst the 'experts' that the 'governed' or rather governors are listening to. If not, they might pick up this book."--**Stewart Rayment, Interlib**

"This book represents a profound and meticulously documented argument for the unavailability of religion for projects of moderation, division, and bifurcation into good and bad religion. . . . It will make an excellent reading for undergraduate and graduate courses on Islam, Secularism, and Modernity, Middle Eastern Politics, religion and politics, and on theories and methods in Religion Studies."--**History News Network**

"Hurd's critique of religious freedom achieves a degree of adamantine persuasiveness rare for any scholarly argument."--**Jeremy F. Walton, The Immanent Frame**

"This book is not a trade wind but a typhoon. In Heisenbergian ways, it does not just observe; it intervenes in an entire field of activism, policy, and scholarship."--**Benjamin Schonthal, The Immanent Frame**

"A signpost book, and the directions it provides are more precise than merely 'beyond.' It guides the reader through approaches to religion in IR theory, charts original maps of complex situations of inequality, and sets the landmark for critical analysis, which future debates in the field can effectively build on."--**Kristina Stoeckl, St. Antony's International Review**

From the Back Cover

"The defense and violation of religious freedom are intensely politicized but poorly understood. Hurd provides an important intellectual and practical service with this thoughtful and well-researched examination of the issues."--**Craig Calhoun, director and president of the London School of Economics**

"In this brilliantly argued book, Hurd shows why the stakes are very high and the dangers very real when governments set the standards for religious practice. *Beyond Religious Freedom* is intellectually courageous and deeply grounded in religious as well as political theory. There is simply no better guide to the contemporary global religious landscape."--**Robert Orsi, Northwestern University**

"In this important book, Elizabeth Shakman Hurd shows how the suffocatingly tautological language of policymakers today constructs religion and religious freedom as both problem and solution in the context of myriad challenges facing the world community. Mobilized alternatively to underwrite good religion on behalf of an agenda of reassurance and to thwart bad religion on behalf of an agenda of surveillance, religious freedom is repeatedly discovered to be the indispensable condition for peace in our times, always available to short-circuit understanding of complex social situations."--**Winnifred Fallers Sullivan, author of *The Impossibility of Religious Freedom***

"*Beyond Religious Freedom* tackles a crucial topic, is compellingly structured, and has a powerful and highly

critical line of argument. I learned an enormous amount from this fascinating book."--**Christian Reus-Smit, author of *Individual Rights and the Making of the International System***

"This is a compelling, stimulating, and original book. Hurd argues that powerful Western democracies promote religious freedom in other societies in ways that privilege standard, recognized religious groups and marginalize personal religious or cultural practices that don't fit the model. *Beyond Religious Freedom* deals with a timely, politically charged topic in a thoughtful and well-informed way."--**Jack Snyder, author of *Power and Progress: International Politics in Transition***

About the Author

Elizabeth Shakman Hurd is associate professor of political science at Northwestern University. She is the author of *The Politics of Secularism in International Relations* (Princeton) and the coeditor of *Comparative Secularisms in a Global Age* and *Politics of Religious Freedom*.

Users Review

From reader reviews:

Joyce Cannon:

The book Beyond Religious Freedom: The New Global Politics of Religion can give more knowledge and information about everything you want. Exactly why must we leave a very important thing like a book Beyond Religious Freedom: The New Global Politics of Religion? A number of you have a different opinion about reserve. But one aim that book can give many facts for us. It is absolutely correct. Right now, try to closer together with your book. Of course the info in this book hundred per-cent guarantees there is no doubt in it you probably know this.

Julie Slocum:

A lot of people always spent all their free time to vacation or perhaps go to the outside with them family or their friend. Were you aware? Many a lot of people spent they free time just watching TV, as well as playing video games all day long. In order to try to find a new activity this is look different you can read the book. It is really fun in your case. If you enjoy the book that you just read you can spent all day every day to reading a guide. The book Beyond Religious Freedom: The New Global Politics of Religion it doesn't matter what good to read. There are a lot of those who recommended this book. We were holding enjoying reading this

book. In the event you did not have enough space bringing this book you can buy the particular e-book. You can more very easily to read this book through your smart phone. The price is not too costly but this book offers high quality.

Evelyn Broderick:

As a pupil exactly feel bored in order to reading. If their teacher requested them to go to the library as well as to make summary for some e-book, they are complained. Just minor students that has reading's soul or real their hobby. They just do what the educator want, like asked to go to the library. They go to generally there but nothing reading significantly. Any students feel that examining is not important, boring along with can't see colorful pictures on there. Yeah, it is for being complicated. Book is very important for you. As we know that on this age, many ways to get whatever we want. Likewise word says, ways to reach Chinese's country. Therefore , this Beyond Religious Freedom: The New Global Politics of Religion can make you truly feel more interested to read.
