**Crash Course: Rheumatology and Orthopaedics** By Annabel Coote, Paul Haslam

This study tool covers all of today's most essential knowledge in rheumatology and orthopaedics in a bright, colorful, easy-to-use format that facilitates mastery of the material. Basic science and clinical information are thoroughly integrated throughout. And, plentiful illustrations, tables, boxes, and bulleted lists make the content simple to absorb.

- A bulleted outline format expedites review.
- "Hints and Tips" boxes present advice on how to remember key facts.
- 2-color line drawings make concepts easy to grasp.
- Differential diagnosis boxes assist in the identification of common diseases and disorders.
- "Comprehension Check" boxes help readers to assess their understanding.
- Self-assessment content facilitates exam practice.

## FACULTY ADVISORS

Michael Snaith, Senior Clinical Lecturer in Rheumatology, University of Sheffield and Honorary Consultant Rheumatologist, Royal Hallamshire Hospital, Sheffield; and Andrew Hamer, Consultant Orthopaedic Surgeon, Northern General Hospital, Sheffield.

## SERIES EDITOR

Daniel Horton-Szar, GP Principal, Canterbury, Kent, UK.

### **Editorial Review**

#### Review

This is another great Crash Course book. Where other topics involve detailed pathology, in many cases orthopaedics is better expressed by diagrams. And a Crash Course in Rheumatology and Orthopaedics has lots of these - and they're very easy to understand. With concise, but yet very readable information, this book gives a good base to build orthopaedic knowledge. I would recommend it to anyone who can't tell their Smith's from Colles.

*MAD, the official journal of Barts and The London Student's Association*

#### About the Author

Annabel Coote, Specialist Registrar in Rheumatology, Royal Hallamshire Hospital, Sheffield, UK; and Paul Haslam, Specialist Registrar in Orthopaedics, Northern General Hospital, Sheffield, UK

### **Users Review**

#### **From reader reviews:**

##### **Ken Martin:**

What do you about book? It is not important together with you? Or just adding material when you want something to explain what the one you have problem? How about your extra time? Or are you busy man or woman? If you don't have spare time to do others business, it is gives you the sense of being bored faster. And you have spare time? What did you do? Every person has many questions above. They have to answer that question simply because just their can do that will. It said that about book. Book is familiar in each person. Yes, it is proper. Because start from on guardería until university need this Crash Course: Rheumatology and Orthopaedics to read.

##### **John Minnis:**
