Drawing for Interior Design By Drew Plunkett

This book covers all stages of visual presentation as part of the interior design process, from the most basic initial sketches, to models, to fully developed computer-generated visualizations.

Following a brief introduction, four chapters take the reader through the design process, from the basics to conception, presentation, and production.

This second edition includes more practical advice on techniques, more step-by-step sequences, and updated examples. With a varied and comprehensive range of images, this book is an invaluable, inspirational, and practical resource for interior design students.
