## **Editorial Review**

### Review

The use of documents and images are the most compelling features of *Out of Many, TLC* ... The use of these also reflects current pedagogical trends emphasizing visual learning or tools and uses of primary sources.

-Jeff Crane, *Sam Houston State University*

The book has a nice, easy-to-read narrative style that is supplemented well with images and useful “extra” features such as American Communities. It is a very good text.

-Julie Courtwright, *Texas A&M University*

...visually appealing and engaging to the students.

-Robert B. Bruce, *Sam Houston State University*

The broad-ranging, multicultural, multiethnic focus is this book’s greatest strength. This is what sets it apart from most other textbooks.

-Brian D. Behnken, *Texas A&M University*

The single most compelling attribute of *Out of Many, TLC* is its smooth comprehensiveness. It is thorough without being overly simplified. *Out of Many, TLC* is user-friendly and very approachable for students.

-Michael K. Ward, *California State University-Northridge*
