**Suicide Kings: A Wild Cards Novel By Wild Cards Trust**

**Now in development for TV: Rights to develop *Wild Cards* for TV have been acquired by Universal Cable Productions, the team that brought you *The Magicians* and *Mr. Robot*, with the co-editor of *Wild Cards*, Melinda Snodgrass as executive producer.**

In 1946, an alien virus that rewrites human DNA was accidentally unleashed in the skies over New York City. It killed ninety percent of those it infected. Nine percent survived to mutate into tragically deformed creatures. And one percent gained superpowers. The Wild Cards shared-universe series, created and edited since 1987 by *New York Times* #1 bestseller George R. R. Martin ("The American Tolkien"—*Time* magazine) along with Melinda Snodgrass, is the tale of the history of the world since then—and of the heroes among the one percent.

Ranging from New York and New England to ravaged Africa and New Orleans, encompassing war, devastation, and stubborn hope, *Suicide Kings* advances the story of the Wild Cards, and their struggle to be fully human in a world that fears and mistrusts them.

At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

### Editorial Review

From Publishers Weekly

The 20th Wild Cards shared-universe novel (after 2008's *Busted Flush*), written by six authors, continues developing an alternate present while killing off characters right and left. An alien virus released in 1946 killed 90% of humanity and turned 1% of the rest into superpowered aces. Now many aces, like Noel Double Helix Matthews, want out of the superhero gig, but they reunite to challenge evil idealist Tom The Radical Weathers, possibly the world's most powerful ace. Noel and his comrades also discover children forced into experiments that will make ace soldiers of a few, while being horrendously lethal for the rest. Martin and his stable of authors have created a relentless story that will appeal to readers who like action gritty to the point of ruthlessness, cynical politics and only fragile bubbles of hope. (*Dec.*)

From [Booklist](#)

The latest Wild Cards anthology-novel is even grimmer than its predecessors, thanks to the choice of Africa as principal setting, for the Wild Cards' Africa is much grimmer than its counterpart in our world, thanks to greater use of child soldiers, killing and being killed in abundance and devastating the future prospects of their homelands. The Wild Cards (most of them represented here in one story or another) have their hands full and their powers strained to the limit by the sheer magnitude of the conflicts, but make at least a little progress. They also give readers more intelligent entertainment. --Roland Green

Review

**“Delicious...Everything I’d hoped for in a new Wild Cards book. The character interactions and plot twists have exactly the complexity, surprise, and unsentimental realism I’d expect out of a George R. R. Martin project.”**

—Austin Grossman, author of *Soon I Will Be Invincible*, on *Inside Straight*

### Users Review

From reader reviews:

**Carolyn Foley:**

Nowadays reading books are more than want or need but also work as a life style. This reading habit give you lot of advantages.
