Editorial Review

Review

From the reviews:

"The aim of this textbook is to provide all the available information to help the child with cerebral palsy to develop into an adult in whom the effects of the disease are managed The originality of this unique textbook is that it provides in one single volume . . . a tremendous amount of information, knowledge and education material It will therefore be a major source of interest for a large number of professionals taking care of disabled children" (C. Karger, European Journal of Orthopaedic Surgery & Traumatology, Vol. 16, 2006)
