Now, for the sake of an inheritance that will ensure their future, the children must be hidden away out of sight, as if they never existed. Kept on the top floor of their grandmother's vast mansion, their loving mother assures them it will be just for a little while. But as brutal days swell into agonizing months and years, Cathy, Chris, and twins Cory and Carrie realize their survival is at the mercy of their cruel and superstitious grandmother...and this cramped and helpless world may be the only one they ever know.

Editorial Review

Review

"At age 13, I survived almost entirely on green apple Jolly Ranchers and *Flowers in the Attic*, and to this day I can't look at the book without my mouth watering. My much loved copy must have come from a supermarket (it was impossible to go to a supermarket in the '80s to, say, secretly stock up on green apple Jolly Ranchers, without a V.C. Andrews book lurking by checkout)... I loved that book.

The narrator, Cathy, who ages from 12 to 15 over the course of the story, is part princess (she is locked in a tower; she is beset by cruel foes; she has long, perfect hair until the grandmother tars it one night), and part witch (she's tantrum-prone, pessimistic, cynical). Basically, I adored her because she is like all girls around the age of 13: at turns sulky, giving, selfish, charming, nasty and heroic.

Flowers in the Attic is most famous for the fact that Cathy and her brother fall in love. It's a weird, strangely old-fashioned love story (and is Chris ever the stuff of teenage dreams: handsome, brilliant, extravagantly chivalrous), but it's not what hooked me. What kept me circling around to the beginning was that hyper-Gothic female evil. The emotionally cold, physically abusive grandmother. The cloying, manipulative, mind-warping mother. It felt so new and stunning to me — these witches who seemed quite real. I devoured the sequels less to learn about Cathy's tragic love story than to see what kind of woman Cathy became — princess, witch, a bit of both? — and what she'd do with all those awful urges she inherited." (Gillian Flynn, author of *Gone Girl*, as related on NPR's All Things Considered)
