Intention and Text: Towards an Intentionality of Literary Form (Continuum Literary Studies) By Kaye Mitchell

The question of intention is central to the study of literature. How far can an author's intentions determine the meanings of his/her text? What do we mean by 'intention' in a literary context? What force does the reader's intention have in the construction of textual meaning? To what extent can a text itself be said to be 'intentional'?

The aim of this book is to provide an in-depth analysis and critique of this concept of intention, its uses within the realms of literary theory, aesthetics, philosophy of language, phenomenology and deconstruction, and its potential for redefinition. Mitchell sets out to re-think intention and interrogate the possibilities of an intentionalism more suited to a formalist or textualist critical methodology. She moves from an assessment of the pitfalls of a traditional authorial intentionalism, towards the formulation of an 'intentionality of form', where intention is seen as a formal attribute of the text itself

Editorial Review

Review

"This original, lucid and rigorous book provides an authoritative investigation and critique of analytic, continental and literary critical and theoretical positions on intention. The best book in recent years on the subject, it makes an important and innovative argument about intention and deserves to be read by anyone with an interest in these debates." (Robert Eaglestone, Professor of Contemporary Literature and Thought at Royal Holloway, University of London, UK) "Since the 'intention fallacy' was formulated to establish the proper bounds of literary criticism the topic has received the attention it deserves. In this lucid, wide-ranging and bold study Mitchell manages to combine a literary critic's attention to formal detail with a philosopher's sense of conceptual rigour and clarity. Remarkable for its facility to work imaginatively with Derrida and Wimsatt and Beardsley, this book provides a genuinely new and productive approach to the problem of intention. While retaining a sense of the difficulty of appeals to intention, Mitchell enables a sophisticated notion of intention to renew critical and interpretive practice. This work will be valuable for both students and researchers in any field of literary criticism." (Professor Claire Colebrook, University of Edinburgh, UK)"

About the Author

Kaye Mitchell is Lecturer in Contemporary Literature in the Centre for New Writing at the University of Manchester, UK. She is the author of *A. L. Kennedy* (Palgrave 2007).

Users Review

From reader reviews:
