About the Author

Thirty years ago Eleanor Burns introduced her first quilt in a day book, and began a quilt-making revolution. She invited all types of sewers to participate in an age-old tradition using her unique style; a diverse combination of cutting and sewing applications that replaced scissors and templates with rips and strips, bringing rotary speed to patchwork. She also introduced an incredibly rapid stitching system, applying the method of assembly-line sewing to piecwork. Her concise, step-by-step directions were easy to grasp, allowing anyone to be successful at making a quilt. She gives quilt makers techniques that enabled them to make a quilt in a day.
