The Epic of America From Garden City Books

The Epic of America is not a tangled chronicle of dates, campaigns, and battles. Instead it portrays the spirit of the American people through the more momentous episodes in their country's history and through brief but brilliant biographical snapshots of their leaders. In this outstanding one-volume history the author consistently shows what life held for the typical American of city, town and frontier. In short, this book presents a true panorama of American life from Columbus to Franklin D. Roosevelt.
