## The Penguin Historical Atlas of Ancient Greece By Robert Morkot

The cradle of Western civilisation, Ancient Greece was a land of contradictions and conflict. Intensely quarrelsome and competitive, the Greek city-states consistently proved unwilling and unable to unite. Yet, in spite of or even because of this internal discord, no ancient civilization proved so dynamic or productive. The Greeks not only colonized the Mediterranean and Black Sea areas but set standards of figurative art that endured for nearly 2500 years. Charting topics as diverse as Minoan civilization, The Persian Wars, the Athenian Golden Age and the conquests of Alexander the Great, the book traces the development of this creative and restless people and assesses their impact not only on the ancient world but also on our own attitudes and environment. The authoritative narrative, illustrated with over sixty full colour maps and over seventy plates, makes this an indispensable handbook for history students and enthusiasts alike.

## **Editorial Review**

### **Amazon.com Review**

This well-illustrated volume is just the thing to have on hand while working your way through the pages of Xenophon, Herodotus, and Thucydides. Robert Morkot traces the growth of Greece from a series of often conflicting city-states, each with its own colonial outposts as far from home as Spain and Tunisia, to loosely knit alliances that waged huge conflicts against the Persian empire--and, as in the case of the Peloponnesian War, against each other. The pages devoted to Alexander the Great, which show how the Greek empire came to extend from southern Egypt to the gates of China are particularly interesting.

### **From the Back Cover**

The cradle of western civilization, Ancient Greece was a land of contradictions and conflict. Intensely quarrelsome and competitive, the Greek city-states consistently proved unwilling and unable to unite. Yet, in spite of or even because of this internal discord, no ancient civilization proved so dynamic or productive. The Greeks not only colonized the Mediterranean and Black Sea areas but set standards of figurative art which endured for nearly 2500 years. Charting topics as diverse as Minoan civilization, The Persian Wars, the Athenian Golden Age and the conquests of Alexander the Great, The Penguin Historical Atlas of Ancient Greece traces the development of this creative and restless people and assesses their impact not only on the ancient world but also on our own attitudes and environment.
