The Suspect (Joseph O'Loughlin) By Michael Robotham

A new edition of the novel that marked the debut of one of contemporary suspense fiction's most compelling heroes: "A gripping first novel...taut and fast-moving." --Washington Post

Renowned psychologist Joseph O'Loughlin has it all--a thriving practice, a devoted, beautiful, fiercely intelligent wife, and a lovely young daughter. But when he's diagnosed with Parkinson's, O'Loughlin begins to dread the way his exceptional mind has been shackled to a failing body, and the cracks in his perfect existence start to show.

At first, O'Loughlin is delighted to be called in to a high-profile murder investigation, hoping his extraordinary abilities at perception will help bring a killer to justice. But when O'Loughlin recognizes the victim as one of his former patients, an emotionally disturbed young woman who nearly brought ruin upon him, O'Loughlin hesitates--a fateful decision that soon places O'Loughlin at the top of the lists of both a bullish detective, and a diabolical killer

Editorial Review

From Publishers Weekly

Joe O'Loughlin, a London psychologist, loves his job and loves his family—wife Julianne and eight-year-old daughter Charlie—even more in Australian author Robotham's well-written, if somewhat convoluted, debut suspense novel. O'Loughlin's life takes two disastrous turns: first, he's diagnosed with Parkinson's disease; second, while helping Det. Insp. Vincent Ruiz on the case of a murdered nurse, Catherine Mary McBride, he becomes the primary suspect in the killing. The crime occurred close to O'Loughlin's London home, giving him opportunity, and it turns out that McBride had been his patient and had accused him of harassment, giving him plenty of motive. Vivid characters mostly avoid stereotype, while a fast and furious last section makes up for a wealth of asides and anecdotes that, however effectively done, slow the narrative. More seriously, the book can't decide whether it's a psychological mystery or a conspiracy thriller and strains credibility well past the breaking point. Still, Robotham shows real promise, putting a fresh spin on the familiar crime fiction trope of the falsely accused man.

Starred Review Already a hit in the U.K., *Suspect* may do for psychological thrillers what Scott Turow's *Presumed Innocent* did for the legal variety. Joe O'Loughlin is a psychologist with secrets. He is trying to hide his Parkinson's disease from the world, and his wife suspects he's having an affair. And after a gruff detective asks the doctor for insights into the stabbing death of a young woman, we discover the nurse was an ex-patient who accused him of sexual assault. O'Loughlin has an alibi for the night of the murder, but he decides not to share it. That the psychologist consistently withholds key information from the police, his wife--everyone--makes this tightly plotted story even more compelling. To those who "think that the truth is real and solid," O'Loughlin counters, "The truth isn't like that. If I were to tell you this story tomorrow it would be different than today." This stance makes him a deliciously maddening character to root for, and it soon becomes clear he is a highly compartmentalized person. As a series of damning clues turn up to indict him, O'Loughlin takes flight. But then he taps a hidden reserve of cunning and pluck as he seeks to clear his name--and ultimately discovers just how easy it is to destroy someone's life while trying to figure out what's going on inside his or her head. *Frank Sennett*

Review

"A gripping first novel...taut and fast-moving." *Washington Post*

"One of those rare literary gems: a beautifully written thriller that is both moving and relentlessly suspenseful." *Tess Gerritsen*

"A dramatic, well-written debut." *New York Times*

"Lightning-paced." *Entertainment Weekly*

"Terrific....a classic 'wrong man' thriller that puts its hero in hot water, then raises the Fahrenheit to a fever pitch....Robotham not only builds the suspense masterfully but tops it off with a stunning twist."

From reader reviews:

Cornelius Callaghan:

In other case, little people like to read book The Suspect (Joseph O'Loughlin). You can choose the best book if you want reading a book. As long as we know about how is important a book The Suspect (Joseph O'Loughlin). You can add knowledge and of course you can around the world with a book. Absolutely right, because from book you can understand everything! From your country until eventually foreign or abroad you will be known. About simple point until wonderful thing you can know that. In this era, we can open a book or maybe searching by internet gadget. It is called e-book. You can utilize it when you feel uninterested to go to the library. Let's examine.

Ruth Santiago:

As people who live in typically the modest era should be change about what going on or details even knowledge to make these people keep up with the era which is always change and advance. Some of you maybe will probably update themselves by reading through books. It is a good choice for yourself but the problems coming to you is you don't know what kind you should start with. This The Suspect (Joseph O'Loughlin) is our recommendation to make you keep up with the world. Why, since this book serves what you want and wish in this era.

Edna Kissel:

A lot of people always spent their very own free time to vacation or go to the outside with them household or their friend. Do you realize? Many a lot of people spent they free time just watching TV, or maybe playing video games all day long. If you wish to try to find a new activity here is look different you can read any book. It is really fun for you. If you enjoy the book that you simply read you can spent the entire day to reading a guide. The book The Suspect (Joseph O'Loughlin) it is extremely good to read. There are a lot of people who recommended this book. They were enjoying reading this book. Should you did not have enough space to deliver this book you can buy the particular e-book. You can m0ore simply to read this book from a smart phone. The price is not to cover but this book provides high quality.

Charlsie Sprouse:

Playing with family in the park, coming to see the water world or hanging out with close friends is thing that usually you will have done when you have spare time, subsequently why you don't try thing that really opposite from that. A single activity that make you not sensation tired but still relaxing, trilling like on roller coaster you already been ride on and with addition of knowledge. Even you love The Suspect (Joseph O'Loughlin), you are able to enjoy both. It is excellent combination right, you still would like to miss it? What kind of hang-out type is it? Oh come on its mind hangout men. What? Still don't have it, oh come on its identified as reading friends.
