African Herbal Pharmacopoeia (AfrHP): First Edition By Association for African Medicinal Plants Standards

The African Herbal Pharmacopoeia (AfrHP), provides comprehensive, up to date botanical, commercial and phytochemical information on over fifty of the most important African medicinal plants. The technical data were made on plant samples sourced from across the continent. These monographs prepared by leading African scientists, have been reviewed by international experts. Additional data include micro morphology of the plant material, distribution maps, HPLC traces and TLC chromatograms of adulterants. These data are crucial for producers, collectors and traders in medicinal plants and extracts as well as researchers, manufacturers and practitioners. The scope, quality and standard of these herbal monographs are comparable to those prepared in Europe, North America and Asia. This publication comes at a crucial moment in the history of African herbal medicine. Spanning 6 years of the combined efforts of 31 experts in African medicinal plants and herbal medicine, who had one common dream: generate income and employment for all those working in Africa in this sector by unlocking the health potential of African medicinal plants.
