#### From the Author

I would not say that I am a lucky guy. The success I have obtained was not handed to me; not by any means. What I do consider luck is the hand I was dealt. My childhood was made up of struggle after struggle and for this I am forever fortunate. Growing up I was constantly problem solving, adapting and strategizing just to get through everyday life. Then and now one thing still remains: **I always want more out of life.**

The majority of society has no idea what they can accomplish and they, **YOU**, have the tools and resources to better any part of your life. You can get more out of life, just as I have, simply by asking. All you need is yourself. I'm excited to show you how: **Ask More** from Yourself. **Ask More** from Others. **Ask More** from Life.
