Editorial Review

From the Author

The Beverage Industry can be a lot of fun and very exciting. You can use your creative side in beverage development as well as your business experience and knowledge in beverage sales and distribution. The BIG problem is there is not a lot of information out there for new entrepreneurs or even for existing executives.

This is what I quickly realized when I jumped into the industry as a beverage distributor many years ago. Since then I've worked in every aspect of the beverage industry, but one thing has not changed; there is not a lot of information out there for people starting out. This is why I wrote this book; for all the new beverage entrepreneurs joining us now and in the future.

In writing the book I spoke with more than 300 new beverage entrepreneurs as well as many distributors and executives from small and large beverage brands. They contributed the most to the book as they asked me hundreds of questions about the industry, how to get started, how to sell and much more. Everything was discussed, from beverage development to branding and even expanding outside of the country. All those questions and the answers make this book. Thank you to all that contributed. If you have questions that are not covered in this book I will add them in the next edition. Just contact me and send me your questions.
