**Children and Their Development (7th Edition)** By Robert V. Kail

### ***Demonstrates how research translates into practice.***

Reflecting the way scientists conduct research on children's development, *Children and Their Development* is organized topically, showing readers the way researchers actually study the discipline. The book's unique and effective pedagogy focuses on practice through its accessible writing, modular format, and application-based features. It explores the theory, research, and application of modern child development from conception through adolescence. Author Robert V. Kail is a well-known and respected researcher in the field of child development.

*Children and Their Development* can be sold as a standalone, or packaged with Pearson's latest technologies: MyPsychLab.

MyPsychLab is an integral part of the Kail program. Engaging activities and assessment provide a teaching and learning system that help students become scientific thinkers. With MyPsychLab, students can watch videos on psychological research and participate in virtual classic experiments.

### **Teaching and Learning Experience**

This program will provide a better teaching and learning experience- for you and your students. It:

- **Personalized Learning with MyPsychLab:** MyPsychLab delivers proven results in helping students succeed, provides engaging experiences that personalize learning, and comes from a trusted partner with educational expertise and a deep commitment to helping students and instructors achieve their goals.
- **Engaging Pedagogically-Driven Design:** An effective pedagogy promotes students' learning. For example, *Learning Objectives* in each chapter correspond to chapter summary materials.
- **Explore Research and Theory:** Fundamental developmental issues are used as a foundation for students' learning of research and theory in child development. Students learn how developmental science draws on many complementary research methods, each of which contributes uniquely to scientific progress.
- **Understand Culture and Development:** Students are shown how the findings from child-development research can improve children's lives.

- **Support Instructors:** Video embedded PowerPoints, MyTest, clicker questions, and an instructor's manual provide instructors with extensive materials to supplement the text.
