## **Editorial Review**

### **About the Author**

Leland Norman Holland, Jr., Ph.D. (Norm) is the Dean of the College of Arts and Sciences, as well as an Associate Professor of Chemistry at Southeastern University in Lakeland, FL. Formerly, he was the Chair in the Division for Health, Mathematics and Science at Pasco-Hernando Community College. He has been actively involved in teaching and preparing students for various health professions including nursing, dentistry, and pharmacy. He comes to the teaching profession after spending several years doing basic science research at the VA Hospital in Augusta, Georgia and the Medical College of Georgia where he received his Ph.D. in Pharmacology. He has taught pharmacology over the course of 10 years at both the undergraduate and graduate level. He is very much dedicated to the success of students and has assisted many in their pursuits to earn healthcare degrees. Michael Patrick Adams, PhD., R.T.(R) is the Associate Dean for Health, Mathematics and Science at Pasco-Hernando Community College. He is an accomplished educator, author and national speaker. The National Institute for Staff and Organizational Development in Austin, TX named Dr. Adams a Master Teacher. He has been registered by the American Registry of Radiologic Technologists for over 30 years. Dr. Adams obtained his Masters degree in Pharmacology from Michigan State University and his Doctorate in Education at the University of South Florida.

## **Users Review**

### **From reader reviews:**

#### **Joshua Ricker:**

Spent a free a chance to be fun activity to perform! A lot of people spent their down time with their family, or their friends. Usually they undertaking activity like watching television, going to beach, or picnic inside the park. They actually doing same task every week. Do you feel it? Would you like to something different to fill your free time/ holiday? May be reading a book can be option to fill your free of charge time/ holiday. The first thing that you ask may be what kinds of book that you should read. If you want to try out look for

book, may be the publication untitled Core Concepts in Pharmacology (4th Edition) can be good book to read. May be it could be best activity to you.

**Richard Rhone:**

You could spend your free time to study this book this e-book. This Core Concepts in Pharmacology (4th Edition) is simple to develop you can read it in the recreation area, in the beach, train along with soon. If you did not have much space to bring the actual printed book, you can buy typically the e-book. It is make you simpler to read it. You can save typically the book in your smart phone. Thus there are a lot of benefits that you will get when you buy this book.

**Martin McDaniel:**

Don't be worry if you are afraid that this book can filled the space in your house, you will get it in e-book approach, more simple and reachable. This Core Concepts in Pharmacology (4th Edition) can give you a lot of pals because by you looking at this one book you have point that they don't and make you actually more like an interesting person. This book can be one of a step for you to get success. This book offer you information that maybe your friend doesn't understand, by knowing more than some other make you to be great individuals. So , why hesitate? Let us have Core Concepts in Pharmacology (4th Edition).

**John Bullard:**

As a pupil exactly feel bored to help reading. If their teacher asked them to go to the library or to make summary for some guide, they are complained. Just tiny students that has reading's spirit or real their passion. They just do what the trainer want, like asked to the library. They go to there but nothing reading significantly. Any students feel that reading is not important, boring in addition to can't see colorful images on there. Yeah, it is to get complicated. Book is very important for yourself. As we know that on this time, many ways to get whatever you want. Likewise word says, ways to reach Chinese's country. So , this Core Concepts in Pharmacology (4th Edition) can make you feel more interested to read.
