**Fascism and Political Theory: Critical Perspectives on Fascist Ideology (Routledge Issues in Contemporary Political Theory)** By Daniel Woodley

*Fascism and Political Theory* offers both students and researchers a thematic analysis of fascism, focusing on the structural and ideological links between fascism, capitalism and modernity. Intended as a critical discussion of the origins and development of fascist ideology, each chapter deals with a core substantive issue in political theory relevant to the study of fascism and totalitarianism, beginning with an assessment of the current state of debate.

The emphasis on formal ideology in contemporary Anglo-American historiography has increased our awareness of the complexity and eclectic nature of fascist ideologies which challenge liberalism and social democracy. Yet in too many recent works, a programmatic or essentialist reading of fascist ideology as a 'secular religion' is taken for granted, while researchers remain preoccupied with the search for an elusive 'fascist minimum'.

In this book Woodley emphasizes that many outstanding questions remain, including the structural and ideological links between fascism and capitalism, the social construction of fascist nationalism, and the origins of fascist violence in European colonialism. This volume consolidates the reader's theoretical understanding and provides the interdisciplinary skills necessary to understand the concrete social, economic and political conditions which generate and sustain fascism.

A timely critique of culturalist and revisionist approaches in fascism studies which provides a concise overview of theoretical debates between liberalism, Marxism and poststructuralism, this text will be of great interest to students of politics, modern history and sociology.

## **Editorial Review**

Review

**This is a captivating and well-researched contribution to political theory and historical sociology. Woodley's sophisticated, wide-ranging, and clearly-written book convincingly dissects the anatomy of fascism, including its relation to the modern imperial-international context.** - *Patricia Owens, author of Between War and Politics: International Relations and the Thought of Hannah Arendt (Oxford, 2007)*

About the Author

**Daniel Woodley** teaches politics at DLD College in London. He holds a PhD in political sociology from the University of Essex (2002), and is the author of numerous articles and several textbooks on ideology and political theory including, most recently, *Conservatism* (2005).

## **Users Review**
