Igniting the Sixth Sense: The Lost Human Sensory that Holds the Key to Spiritual Awakening and Unlocking the Power of the Universe By Eric Pepin

The Sixth Sense: a forgotten, hidden key lying dormant within every human..

Is it possible to:

- **Influence reality with the power of thought?**
- **Push into the universal mind, vastly increasing your intelligence?**
- **Easily reach peak states for real, breakthrough spiritual experiences?**

Indeed and much more. This is not just another fuzzy New Age book about a magical, vague 'sixth sense'.

Igniting the Sixth Sense deals with the magnetic sense that allows birds, whales, bees and many other animals to detect and use magnetic fields in ways that seem impossible for humans. Yet, we possess this same natural ability. What happens if you combine a modern human with an active, magnetic sensory? They display skills and abilities that seem, at times, super-human.

Eric Pepin, the #1 spiritual Amazon bestselling author of *Meditation within Eternity* and *The Handbook of the Navigator*, takes you on a journey where you will discover:

- * How to access a larger memory beyond your own; the Akashic Records
- * Discover the method of magnetic prana attraction that makes the entire Universe react to who you are and what you want
- * How to enhance every mind, body and spiritual technique you practice. Including meditation, martial arts and more
- * The 15 minute miracle that gives you nearly unlimited amounts of energy
- * How to create a 'psychic buffer' so you aren't overwhelmed, harmed or influenced by the energy and thoughts of others
- * Learn the secret to programming your own energy field

And that's just the beginning. There are more than 280 pages worth, packed with in-depth knowledge and effective techniques you can easily apply. It's all here, and it works.
